Email from the Principal

School buses - IMPORTANT

Dear parents and carers,

I have been contacted by Wiltshire transport regarding a severe bus driver shortage in the area. The local authority are working hard to ensure that all school transport functions as normal, but there may be problems with some of our buses next week.

2904 - East Grafton and Great Bedwyn

I have been informed that this bus will collect students 1 hour later than normal on Monday and Tuesday morning. Obviously this is not ideal, so if parents can make alternative arrangements to transport their children to school, that would be appreciated.

Wiltshire local authority have said they will be emailing parents later today with any further updates. We will also keep you informed next week if the situation changes.

Regards

Alan Henderson
