LMS/ts/GCSETextilesmockexam

Dear Parents and Carers

Year 11 GCSE Textiles

I am writing to you about your child's forthcoming mock exam in Textiles. Ofqual have confirmed that the current coursework project that students are working on is going to contribute 100% towards their GCSE grade. There is no other unit of work, and the deadline, which we are still waiting for confirmation on, will be around Easter. It is imperative that students complete this current unit to the best of their ability.

For the mock exam, students will have 2 hours in the art classroom where they will work on their current projects in their portfolios. This will be under exam conditions and at the end of the 2-hour session, students will hand in all work completed during the GCSE course. This will allow the art teachers to mark and moderate all students work across the cohort and give an accurate prediction of the grade each student is most likely to achieve.

We will be discussing this with students over the next week.

With kind regards.

Yours faithfully

Mrs L Spokes
Head of Arts Faculty
