

# Careers Events

## BAE Systems

Years 7 & 8 had an unforgettable day at the BAE Systems Roadshow.

From creating AI-powered music videos to uncovering the risks of deepfake tech, and even meeting Lexi the robot dog.

Huge thanks to BAE Systems , Royal Air Force & Royal Navy for an inspiring dive into the world of engineering.

## Navy Day

Year 9 students who have chosen to study PE or Sport Studies for Year 10 spent the day with the Royal Navy preparing for their Key Stage 4 choices.

They worked in small teams to create communication towers, working to specific criteria and developing some of the fundamental skills that are so essential to the Royal Navy.

In addition, all students in Years 7 to 10 were invited to attend drop in sessions to find out more about life in the Navy, and the wide variety of roles on offer.

## New College Campus Tours

This Term, Year 10 students were invited to have a private tour of both New College's North Star and Queen's Drive campuses, helping them to start thinking about their Post 16 options .

To find out more about the opportunities available at New College, please visit their website: [www.newcollege.ac.uk](http://www.newcollege.ac.uk)

# Year 10 Work Experience Week

## Placements

A huge thank you to all the companies who took our Year 10 students for work experience week at the beginning of July. As always, our students were a great advocate for the school and we have received really positive feedback from the employers, visiting teachers and the students, with many students being offered part time work, or even an Apprenticeship upon completion of Year 11!

## Alternative Offering

For those students who were unable to secure a placement, we had a fabulous visit to the Swindon & Wiltshire Institute of Technology (IoT) to attend Cyber Horizons.

Students spent the day exploring coding, encryption, cyber and more, with the support of fantastic ambassadors from local and national businesses.

Students also attended a College Experience Day at New College's North Star campus, where they were able to try out the different courses available, including:

- Animal Management
- Apprenticeships
- Beauty Therapy
- Carpentry
- Hairdressing
- Hospitality
- Media Make up
- Plumbing
- Travel & Tourism

# Year 12 Futures Week

## Futures Week

Year 12 had an actioned pack Futures Week!

Students attended **workshops** on Personal Statements, CV Writing and Writing Development with renowned Author Jon Stock.

All students attended a **Careers Carousel** which included sessions on Degree Apprenticeships, Careers in Finance by local company Miller James, and Alumni talks.

**Subjects** added an extra career element to their lessons, and students were able to attend a wide variety of **talks** including:

- Making the most of Open Days and HE Fairs by Oxford Brookes University
- Economics in Practice Talk by the Bank of England
- Job application hints and tips
- Using LinkedIn
- Routes into the Armed Forces by MPCT Military Academy

Thank you to Marlborough College who once again invited our students to their **Higher Education and Gap Year Fair**.

Students then rounded off the week with 2 days of **Work Shadowing**.

**NOMURA**

 **UK  
Parliament**

**Springpod** 

**Heathrow**

 **CROWCON**  
Detecting Gas Saving Lives

 **HSBC**

Oxford University Hospitals   
NHS Foundation Trust

**SIEMENS**

A huge thank you to all the companies who either came into school or hosted our Year 12 students this week.
