

## **BTEC – Creative Digital Media – Holiday Work**

Before the start of the new school year: Watch 3 films from the horror genre. Use the links to help you choose. They ideally should be classic horror films.

### **Horror Movies**

You do not have to choose one from the list, but you do need to watch films from within the genre.

For each film, write a brief narrative / precise summary.

- Briefly summarise each film (narrative, main characters, setting etc).
- For the horror genre **list the features** that appear across all of the films that you have watched.
- e.g., All horror films seem to have a young woman who is a victim in some way.
